Now for your package options!

#### **Package 1: Recreated favorite past vacation moment**

This package is for those of you who just unforgivably didn't have your camera with you at the time of a fleeting perfect vacation moment, or

For those of you who did, but the picture came out all wrong...

Perhaps it turned out too dark

Or too blurry,

Or perhaps your subject was just too darned close or far away!

Or, maybe your friggin' thumb was in front of the lens...

Not to worry! None of those obvious and amateurish perfect vacation photo-ruining problems occur with MFVI Inc! Simply describe what you had tried yet failed to properly capture to one of our friendly agents, and we'll make you the perfect recreation!

#### **Package 2: Fabricated fantasy vacation photo**

This package is for those of you who want a perfect vacation photo from a fantasy vacation which for some reason or another you've yet to take --

Maybe you've always wanted to go to Paris and have your picture taken at the top of the Eiffel Tower, but your vertigo makes you want to vomit when you even THINK about being up that high?

Or perhaps you've always dreamed of being photographed in front of the great pyramids of Cairo, but the incessant threat of terrorism has kept you away?

Or maybe you've always fantasized about going on a hunting expedition in Canada and having your picture taken with a carcass of some kind, but you are a poor shot or just can't stomach the thought of killing an innocent animal just for the sake of a great picture!

Or what if you've always wanted some documentation of yourself having fun in the sun in some tropical paradise, but you look abominable in a bikini?

Or maybe you'd love to travel abroad and be photographed in the European countryside or some medieval city but your meager income combined with your insurmountable debt has made it seem like a pipedream?

Or perhaps you've always secretly desired to have a naughty photo memento from your trip to a Vegas swingers convention, but are just too terribly inhibited to actually go?

Or what if you've always wanted a picture of yourself exposing your breasts on Bourbon Street during Mardi Gras, but are wary of the wild and out of control drunken hordes of people you'd have to contend with?

Or maybe you've longed to take to the open road on your Harley and head to Sturgis for a photo opp, but your sober and god-fearing lifestyle won't allow it?

Well wherever in the world you'd like to go, but for whatever reason haven't, MFVI Inc can make it look like you WERE there, and had the time of your life to boot! Plus, we spare you all the hassle associated with a real vacation. Just think -- you don't have to waste hours of your precious time at the airport, or on an exhausting transatlantic flight, or waiting on the runway... Or what about those of you that can't afford to fly and would have to suffer the humiliation and even more exhausting ordeal of taking a bus to your vacation destination? Or even worse, what if you actually had to drive for many long trying hours through the middle of nowhere? Then, once you finally arrive, there's the stress of trying to see as many boring monuments and museums as you can in a very limited amount of time. Boy, that can really wear you out!!! Just look at these poor weary world travelers... crashing out in lobbies, suffering through expensive hotels, or cheap hostels, unfamiliar beds with crappy pillows and flimsy comforters, or having to sleep on the floor because they can't afford their own rooms...

Well, for those of you with super-tight budgets, paralyzing inhibitions, debilitating phobias, or whatever else that might be preventing you from experiencing that perfect vacation moment, MFVI Inc. is the answer to your prayers! No need to waste your precious time or money in the pursuit of a few, and I mean very few, perfect vacation moment photos. No-sirree-bob! MFVI Inc. is your hassle-free one-stop custom Kodak moment perfect vacation photo fabricator!

Thanks for watching! And, If you order one of our fantastic vacation photo packages within the next 5 minutes, you'll be on your way to anywhere in the world for a special one time only price of \$5! Less than the cost of developing a single roll of film!

Bon Voyage!
